SEC³URE Criminal Background Checks

IntelliCentrics managed services has integrated criminal background check capabilities for individuals who are required to submit a criminal background check in order to remain compliant. We have partnered with Backgrounds Online, a leader in providing pre-employment and criminal background checks, to offer a more convenient way to satisfy this requirement. The Criminal Background Check (CBC) is focused on multi-jurisdictional criminal searches and supplemental database checks. It includes SSN Trace, County Criminal Court Search (up to three counties), Nationwide Criminal Database, Nationwide Sex Offender Database, Nationwide Wants & Warrants and Federal Criminal Court Search. Background Checks are customized to the screening criteria relevant to your role. Once you've been screened, your profile is automatically updated with a downloadable Certificate of Completion that covers ALL applicable facilities. The requirement of a CBC is determined by the healthcare facilities you visit, not all hospitals require a CBC, some may accept a letter of attestation.

BENEFITS TO FACILITIES

- Helps reinforce patient and staff safety and gives professionals entering your facility a higher level of confidence in the security of the environment they are visiting
- Provides consistent Criminal Background Check credential requirements for members
- Ensures all members entering your facility have been accurately screened to FCRA standards

BENEFITS TO MEMBERS

- Fast background screening process keeps members compliant and working at full speed
- Convenient process that automatically updates the individual's account with their background check results after they have purchased and initiated the screening from within their SEC³URE account
- Helps members adhere to all SEC³URE facilities' background check credential requirements
- The Criminal Background Check credential is satisfied without any private information sent to SEC³URE or facilities, ensuring the individual's privacy

BENEFITS TO MEMBERS

- Each background check is customized to the Scope of Service listed in the member's SEC³URE account, with criteria relevant to where they are going in your facility
- Once a member completes the screening, a Certificate of Completion is automatically uploaded into their SEC³URE account satisfying the credential, given they meet the background check criteria for their Reptrax category
- Provides a Fair Credit Reporting Act (FCRA) compliant background check at a highly competitive market price
- Background screening process may be completed within 3 to 5 business days (sometimes up to 30 days)

NOTE: CBCs can only be performed on citizens of the United States.
