

SEC³URE GO! FAQ for Locations & Facilities

1. What is SEC³URE GO!?

SEC³URE GO! is the latest innovation from IntelliCentrics. It is a wearable e-badge that combines mobile check-in with visitor identification, and designed to raise compliance level in your location.

2. Who can use SEC³URE GO!?

Any non-staff visitors to your locations can use it, including vendor reps, clinical contractors, physicians and nurses. They will need a current SEC³URE Passport to be eligible for the badge.

3. Does SEC³URE GO! have the same level of trust and compliance as the paper badge?

Yes. SEC³URE GO! has all the information required by the location of care.

4. Can a rep still print a paper badge if I want them to?

Yes. You have the option of printing a paper badge, once you are checked in on SEC³URE GO!.

5. Does a SEC³URE GO! check-in get reported to me and included in my current analytics?

Yes. SEC³URE GO! works just like the paper badge. You can manage your non-staff visitors in real time, get reports and analytics the same way you have been doing on sec3ure.com and your SEC³URE Facility App.

6. What is the benefit to my location to allow check-ins with SEC³URE GO!?

With SEC³URE GO!, you don't need a kiosk or the staff and equipment that comes with the kiosk. It means trust, rep compliance, instant access and time saving for all.

7. Does SEC³URE GO! cost anything?

No. It is part of the SEC³URE Ethos platform from IntelliCentrics and bears no cost to your location.

8. How do you keep SEC³URE GO! sanitized and clean?

According to the CDC's guidelines for Disinfection and Sterilization in Healthcare Facilities, mobile equipment largely consists of "noncritical items" — items that come in contact with intact skin, but not mucous membranes — under the Spaulding Classification of Medical Devices and Levels of Disinfection system. The CDC's guidelines recommend the use of a **low-level, EPA-registered disinfectant** with broad efficacy against bacteria, viruses and fungi, for disinfecting noncritical items unless they are visibly soiled with blood or bodily fluids.

9. Who should I contact if I have a question?

If you need assistance with anything, contact our team of IntelliCentrics Heroes at 817-SEC3URE or HeroTeam@IntelliCentrics.com.
